

Pura Clean

Whole Home Taste & Odor Filter

Fresh, Great-Tasting Water at Every Tap

Pura Clean takes out bad taste and smell by reducing chlorine and chloramines in your water.

Enjoy years of clean, fresh water

Pura Clean keeps your water tasting and feeling great year after year by periodically regenerating – rinsing away trapped chlorine, chloramines, and other chemicals so the system stays effective. That means you keep enjoying water just as clean and fresh as it was on day one.

Longer-lasting carbon saves you more

Because regeneration helps the carbon last longer, you'll spend less on service, maintenance, and replacement media over the life of your filter – saving you time and money.

Premium Carbon Filtration

Catalytic carbon reduces chlorine, chloramines, and other contaminants for cleaner, fresher water.

Proven performance

Independently tested and certified for chlorine reduction.

Fresh, clean taste

No more chlorine flavor or smell.

Kinder to skin and hair

Say goodbye to dryness and irritation.

Protects your softener

Helps your system last longer.

Gentler on plumbing

Fewer leaks and less wear on appliances.

Product Specifications

Model	Pura Clean 1.5
Item #	19050005
Service Flow Rates	5.0 USGPM
Peak Flow Rates	7.0 USGPM
Backwash Flow Rates	5.2 USGPM
Carbon (Cubic Feet)	1.5 ft³
Tank Size	10 x 54
Media Type	Catalytic Carbon
Media Loaded	Yes
Shipping Weight	78 lbs
Regeneration Type	DOWNFLOW (cocurrent)
Plumbing Connections	INCLUDES 1" 90° NPT ELBOWS
Electrical Requirements	INPUT 120V 60 Hz - OUTPUT 12V 650mA
Water Temperature	MIN 40° - MAX 110° F (4° - 43° C)
Water Pressure	MIN 30 - MAX 125 PSI (207 - 862 KPA)

DIMENSIONS	Pura Clean 1.5
A x B (Inches)	63" x 10"

"I bought my Pura water softener and water filter over a year ago and I am more than pleased. Performance and customer service have been superb. I had researched other companies before deciding to go with Pura. I'm so glad I made the best choice – I highly recommend!"

Certified Performance

IAPMO R&T Certified to NSF/ANSI 42, 372 and CSA B483.1.

Pura systems are tested and certified by IAPMO, a global leader in protecting public health through standards development and product testing.
